Linda Kenney Baden and Tamara Holder, All Rights Reserved

The sports world said you can't compete
Didn't go to Harvard learned my beats on the street
But I knew I'd here I believed in myself
Like Johnny Manziel I am top shelf
King James LeBron makes gazillions of dollars
I too am a star I am a street -Rhodes scholar
Nike, Adidas, Reebok shopping's my sport
Money from talent not sniffing the snort

Rockin' in my Court
Rockin' in my Court
Sex and violence defending the sport
Rockin' in my Court
Rockin' in my Court
Star Spangled Lovers defending the sport

Big bucks in the arena contempt for the play
You think PED medals make a big payday?
Huh-Worship bestowed on hard body winners
God like heroes become hot- blooded sinners
Muscles in jail hunks behind bars
Hoping for a mention in my memoirs
Being smacked & scummed yo' no superpower
Bathe in champagne not the prison shower

Rockin' in my Court
Rockin' in my Court
Sex and Violence defending the sport
Rockin' in my Court
Rockin' in my Court
Star Spangled Lovers Defending the sport

Stroke my spot come hard in my court
Oh yeah baby put balls in my sport
Seduced by the athlete true legends abound
Magic and Jackie show us around
Fame lights your name with an eternal flame
I'm waiting for a player to play in my game
Step into my world with the courage of Ali

U my MVP now give me the finale

Rockin' in my Court

Rockin' in my Court

Sex and violence defending the sport

Rockin' in my Court

Rockin' in my Court

Star Spangled Lovers defending the sport

U my MVP my Star Spangled lover, brave African dream answer my prayer

O'er the land of the free and the home of the brave

Oh f--- does that star spangled banner yet wave?
